

MOVIE MAKING - RAGS TO RICHES

Poor to rich transformation and phases.

INDUSTRIAL DESIGN - DESIGN A SMART PHONES FOR ALL

Brief- Smart phones are ubiquitous now, and we can't imagine our life without them. But there is section of society that is still deprived of real access. Redesign a smart phone so that it can be used by a visually challenged person. Think of what the needs of this user group are, and how a smart phone can address those needs.

Deliverables-

- A concept drawing explaining the working of your idea
- Explanation of how people will use your solution
- A before and after scenario which highlights the USP of your solution

GRAPHIC DESIGN - CREATE A POSTER TO INCREASE AWARENESS ABOUT CHILD LABOUR

Year 2021 is declared as the International Year for the Elimination of Child Labour by the United Nations. Create a poster to increase awareness about child labour, and to eradicate it from the world.

Deliverables-

- One sheet showcasing your explorations
- One sheet showcasing your poster

APP DESIGN - THE COSMOS

Cosmos means our universe as a complex and orderly system. The space out there, as seen on a clear night's sky, has many beautiful planets, stars, constellations, galaxies and such. Make an app that helps people know more about various objects and concepts from the universe around planet Earth. Make it rich with visuals and factual information.

GAME DESIGN - FIVE ELEMENTS

Everything in nature is made up of five basic elements: earth, water, fire, air, and space. Build a game that comprises all.
