MOVIE MAKING - POPULAR MISCONCEPTION
Common Misconception in Regular scenarios - results from incorrect thinking or a flawed understanding

INDUSTRIAL DESIGN - DESIGN A HELMET FOR SAFE RIDING OF 2 WHEELER

Brief- It's a well-known fact that wearing a helmet saves lives, but still we see many people on the street without helmets.
Redesign the helmet so that it is easier to use, provides good ventilation and still has enough protective properties to make 2 wheeler riding safe.

Deliverables-
- A concept drawing explaining the working of your idea
- Explanation of how people will use your solution
- A before and after scenario which highlights the USP of your solution

GRAPHIC DESIGN - DESIGN A LOGO FOR OLYMPIC GAMES TO BE HELD IN INDIA

The Olympic Games are considered the world's foremost sports competition with more than 200 nations participating and are held every four years.
Imagine that the next Olympic Games are to be held in India. Design a logo for the event.

Deliverables-
- One sheet showcasing your explorations
- A clear illustration of the logo you have designed
- A short concept note explaining your design

APP DESIGN - STATIONARY SHOP

Murugan Stationary Shop wants to leverage the power of internet and smartphones to reach out to more customers. Make an app that can take this stationary store's services to fingertips of people. Think about how you can make it an easy shopping experience for customers.

GAME DESIGN - ALONE
A game having no one else present.
